We will be working on Sonic Meditation work by composer Pauline Oliveros, so we can attend Deep Listening Workshop as invited student new music ensemble at Ojai Music Festival with renowned International Contemporary Music Ensemble (ICE) <http://www.ojaifestival.org>

What is Deep Listening? <http://deeplisting.org/site/>

Deep Listening Exploration Group gently gathers the local community to attend to the world around us by developing our sense of hearing, focused on the works of Pauline Oliveros, composer, and founder of Deep Listening Institute at Rensselaer Polytechnic University, During the inclusive interactive sessions we reflectively share our soundings as we develop creative techniques of improvisation through compassion and empathy.
